

**CITY OF LOS ANGELES**  
INTER-DEPARTMENTAL MEMORANDUM

TRAFFIC  
CONTROL  
REPORT

July 27, 2017

4 – Hwd/Wilsh #84007  
Seward St bet Santa Monica Bl  
& Romaine St

**PARKING RESTRICTIONS**

**DETERMINATION**

That a "Tow-Away No Parking 2 AM to 6 AM, Nightly" restriction be authorized for installation on the west side of Seward Street between Santa Monica Boulevard and Romaine Street (Section 80.69 (b) L.A.M.C.).

**DISCUSSION**

A valid petition has been received from Ms. Lisa Schecter, along with a letter of support from Captain Jonathan Pinto of the Los Angeles Police Department (LAPD), requesting the installation of overnight parking restrictions on the west side of Seward Street between Santa Monica Boulevard and Romaine Street to address complaints of criminal and nuisance activities.

An investigation was conducted at this location, which included inspection of the physical conditions and observations of traffic movement and parking inventory on Seward Street between Santa Monica Boulevard and Romaine Street. Parking is already restricted on the east side of the street. The development on the street is primarily commercial. In accordance with L.A.M.C., Section 80.55, parking of vehicles is to be prohibited at any place where the stopping or parking of vehicles is determined by the Department to constitute a hazard to traffic, life or property, or an obstruction to vehicular or pedestrian passage. LAPD has determined that such hazard exists at the subject location due to criminal activities. LAPD requested the installation of overnight parking restrictions to improve public safety. The installation of "Tow-Away No Parking 2 AM to 6 AM, Nightly" as described in the Determination will improve public safety, and is therefore justified.
